

## Disabled Police Association Pledge 2025

I will value and support  
police officers, staff and volunteers within policing  
that have a disability, or condition, as defined by  
the Equality Act 2010.

I recognise the experience they bring and will  
support them to thrive.

I recognise that disability discrimination is one of  
the leading causes of employment tribunals within  
UK police forces.

I will work towards achieving the  
Disabled Police Association's Force Action  
requirements within my organisation.

Signed X
